

HARRIS PRIMARY SCHOOL

YEAR1 NEWSLETTER

Week ending 17th January 2025

Week 2

Week two seems to have flown by in Year 1. I don't know about you but we are better for the warmer temperatures we have had this week. The children have been amazing at coming back into school after the Christmas break and settled straight back down into routine. We have been doing some super listening on the carpet during the whole class input and the progress we are making is brilliant. Keep up the good work children!

What have we been looking at?

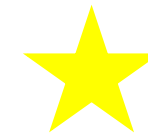

This half term we are looking at the United Kingdom and what countries we can find that belong in it. More specifically we have covered England and the Capital City London. Feel free to ask your children what famous landmarks we could find in London.... Fingers crossed they can remember. We have been discussing and reading the fairy tale, Diamonds and Toads. First, we started to learn the story map for the original story and have now made our own changes to the map ready to start writing next week. In Maths, the children smashed their place value work and used the resources in class to make different numbers up to 50. Did somebody say Pablo Picasso? The children have enjoyed learning about Pablo and all his different work. We have even started to try out the different shapes and lines we are going to need to create our own abstract face pictures using oil pastels. In the words of Pablo himself, every child is an artist! Somewhere in the midst of all of our learning we have managed to have some fun too.

Have a lovely weekend

Year 1 Team 😊

Things to Remember:

- Keep up the good reading and recording in the diaries.
- Make sure children have their school bags, water bottles, reading packs and a coat every day.
- Keep smiling, we have got this 😊

Star Awards

Rhea & Ollie

Writer of the Week

Marshall
