

# HARRIS PRIMARY SCHOOL

## YEAR1 NEWSLETTER

Week ending 31<sup>st</sup> January 2025

### Week 4

Into week 4 we went. It has been super busy with all kinds of exciting things taking place. The children have been AMAZING this week and have worked ever so hard. We also had a special visitor in class this week. Miss Rigby popped into class with baby Louie to say hello to all the children. This was very exciting, and Louie was so cute and cuddly.

### What have we been looking at?

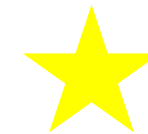

In Maths, we have been looking at 2-D and 3 – D shapes and their properties. The children love learning about shapes and had fun on our shape hunt around the classroom. They all did a Great job. In English, we have really pushed the children with their writing. We have learnt all about Fairy Tales and even managed to write our own versions of Diamonds and Toads. The children finished their independent writes this week and the Year 1 staff were blown away with how AMAZING they all did. We focused on capital letters, full stops and finger spaces. In Science, we have been looking at the human body and the senses. We even welcomed a volunteer to talk about our senses and how they link to our brain. In Geography, we have dived into all things Scotland. We have learnt about the capital city, famous landmarks and where we can find Scotland on the map of the United Kingdom. The children had great fun in Art this week as it was finally time to put all our research and experimenting with different mediums to the test and create our very own Pablo Picasso inspired face pieces. We use oil pastels to create our masterpieces.

Enjoy the weekend and we will see you Monday

Year 1 Team 😊

### Things to Remember:

- Coats and School bags need to be in every day
- Please read as much as possible at home, we can see a huge progress 😊
- Parents Evening 6<sup>th</sup> February

### Star Awards

Hamza & James

### Writer of the Week

Alice
