

HARRIS PRIMARY SCHOOL

YEAR1 NEWSLETTER

Week ending 14th March 2025

This week we have been spending more time outside now the weather seems to be finally picking up. On Thursday we had the privilege of watching the Year 2 showcase assembly. The children loved watching the other children and listening to what kind of things Year 2 have learnt about so far. It won't be long before we will be taking centre stage and showing you what we have been up to in Year 1. We have had lots of discussions about the school trip to the Blackpool Zoo, which I think the children are very excited about.

What we have learnt...

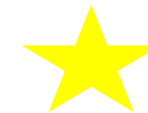

In Maths this week, we have been super busy looking at weight and length. The children have been amazing at measuring lots of different lengths using both maths resources and 30cm rulers. We have been using both centimetres and meters to measure lots of different things around our classroom. They were very accurate at doing this and made sure they didn't rush. In English this week, we have been looking at a short writing opportunity looking at our robots. We have been reading the story Robot Stop! By Adam Bestwick. The children have been using descriptive words to write about the robots. In History, we have been learning and playing lots of different games that people used to play. We played marbles, kerby, cat's cradle, hopscotch and even bulldogs (safely). In science, we went on a materials hunt. We explored the school grounds to find lots of different materials and which materials are used more than others. We have been moving through our My Happy Mind topic of Relate. Children seem to be enjoying this unit. We have been working super hard on our handwriting this week and letter formation. In R.E, we have been talking about trust and promises. The children have made their own class promise and signed it with a fingerprint in our class floor book.

We hope you have a great weekend

Year 1 Team 😊

Things to Remember:

- Children need their book bags and reading packs everyday
- We still need coats in school. Even though the sun is starting to shine, there is still a chill in the air
- Please can we make sure all children come to school with a water bottle
- Small boxes, milk bottle lids, and toilet rolls to build our robots next week. Need in by Thursday 20th March please

Star Awards
